TO EXERCISE THIS RIGHT, A SHAREHOLDER SHALL STRIKE OUT THE NAMES OF THE PERSONS NAMED IN THE INSTRUMENT OF PROXY AND INSERT THE NAME OF HIS/HER NOMINEE IN THE BLANK SPACE PROVIDED, OR COMPLETE ANOTHER INSTRUMENT OF PROXY. A PROXY WILL NOT BE VALID UNLESS IT IS DEPOSITED WITH THE COMPANY'S REGISTRAR AND TRANSFER AGENT, COMPUTERSHARE TRUST COMPANY OF CANADA, 100 UNIVERSITY AVENUE, 9TH FLOOR, TORONTO, ONTARIO, M5J 2Y1, OR BY TOLL FREE FAX 1.866.249.7775 NOT LESS THAN 48 HOURS (EXCLUDING SATURDAYS, SUNDAYS AND HOLIDAYS) BEFORE THE TIME OF THE MEETING OR ADJOURNMENT THEREOF.**

A Shareholder who has given a proxy may revoke it at any time before it is exercised. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Shareholder or by his attorney authorized in writing, or, if the Shareholder is a corporation, it must either be under its common seal, or signed by a duly authorized officer and deposited at the Company's Registrar and Transfer Agent, Computershare Trust Company of Canada, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of it, at which the proxy is to be used, or to the Chairperson of the Meeting on the day of the Meeting or any adjournment of it. VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named in the enclosed Instrument of Proxy will vote the shares in respect of which they are appointed. Where directions are given by the Shareholder in respect of voting for or against any resolution, the proxy holder will do so in accordance with such direction.

IN THE ABSENCE OF ANY INSTRUCTION IN THE PROXY, IT IS INTENDED THAT SUCH SHARES WILL BE VOTED IN FAVOUR OF THE MOTIONS PROPOSED TO BE MADE AT THE MEETING AS STATED

UNDER THE HEADINGS IN THIS INFORMATION CIRCULAR. The Instrument of Proxy enclosed, when properly signed, confers discretionary authority with respect to amendments or variations to the matters which may properly be brought before the Meeting. At the time of printing this Information Circular, the Management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to the Management should properly come before the Meeting, the Proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the nominee.

In order to approve a motion proposed at the Meeting, a majority of greater than 50% of the votes cast will be required (an "Ordinary Resolution") unless the motion requires a Special Resolution, in which case a majority of not less than two thirds of the votes cast will be required. In the event a motion proposed at the Meeting requires disinterested Shareholder approval, common shares held by Shareholders of the Company who are also "insiders", as such term is defined under applicable securities laws, will be excluded from the count of votes cast on such motion.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold common shares in their own name. Shareholders who do not hold their common shares in their own name (referred to in this information circular as "Beneficial Shareholders") should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of common shares can be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Shareholder by a broker, then, in almost all cases, those common shares will not be registered in the Shareholder's name on the records of the Company. Such common shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such common shares are registered under the name CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). The common shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents are prohibited from voting shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their common shares are communicated to the appropriate person.**

Applicable regulatory rules require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. The purpose of the form of proxy or voting instruction form provided to a Beneficial Shareholder by its broker, agent or nominee is limited to instructing the registered holder of the common shares on how to vote such shares on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications ("Broadridge"). Broadridge typically supplies a voting instruction form, mails those forms to Beneficial Shareholders and asks those Beneficial Shareholders to return the forms to Broadridge or follow specific telephone or other voting procedures. Broadridge then tabulates the results of all instructions received by it and provides appropriate instructions respecting the voting of the shares to be represented at the Meeting. **A Beneficial Shareholder receiving a voting instruction form from Broadridge cannot use that form to vote common shares directly at the Meeting. Instead, the voting instruction form must be returned to Broadridge or the alternate voting procedures must be completed well in advance of the Meeting in order to ensure such common shares are voted.**

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purpose of voting common shares registered in the name of their broker, agent or nominee, a Beneficial Shareholder may attend the Meeting as a proxyholder for a shareholder and vote common shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their common shares as proxyholder for the registered shareholder should contact their broker, agent or nominee well in advance of the Meeting to determine the steps necessary to permit them to indirectly vote their common shares as a proxyholder.

The Company will not pay for an intermediary to deliver proxy related materials and voting instruction forms to objecting beneficial owners (called OBOs for Objecting Beneficial Owners). OBOs have objected to their intermediary disclosing ownership information about themselves to the Company. Accordingly, OBOs will not receive the materials unless their intermediary assumes the costs of delivery.

The Company is not relying on the "notice-and-access" delivery procedures outlined in National Instrument 54-101 to distribute copies of the proxy related materials in connection with the Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company's authorized capital consists of an unlimited number of common shares without par value. As at October 10, 2018 (the "**Record Date**"), the Company had 96,887,881 common shares issued and outstanding, each share carrying the right to one vote. Any shareholder of record at the close of business on the Record Date who either personally attends the Meeting or who has completed and delivered a Proxy in the manner and subject to the provisions described above, shall be entitled to vote or to have such shareholder's shares voted at the Meeting.

The Company completed a share consolidation on the basis of one post-consolidation common share for every ten pre-consolidation common shares on July 28, 2014. All numbers in this Information Circular reflect post-share consolidation amounts.

To the best of the knowledge of the directors and senior officers of the Company, there are no person(s) or companies who beneficially own, or control or direct, directly or indirectly, common shares carrying more than 10% of the voting rights attached to all outstanding common shares of the Company other than:

Name of Shareholder	Number of Shares	Percentage of Issued and Outstanding
Frank Giustra	12,244,792 ⁽¹⁾	12.64%
Eric Sprott	11,033,000 ⁽²⁾	11.39%

Note:

(1) 6,260,778 of these shares are held through Fiore Financial Corporation, a company owned and controlled by Frank Giustra; 1,774,478 of these shares are held through The Radcliffe Foundation, a charitable organization controlled by Frank Giustra; and 4,209,536 shares are held personally by Frank Giustra.

COMPENSATION DISCUSSION AND ANALYSIS

During the year ended February 28, 2018, the Board of Directors has determined the compensation payable to the Company's executive officers. For the financial year ended February 28, 2018, the three basic components of executive officer compensation were:

- (a) base salary;
- (b) annual incentives (cash bonus); and
- (c) option based awards (long term compensation).

Base salary comprises the portion of executive compensation that is fixed, whereas annual incentives and option based compensation represent compensation that is "at risk" and thus may or may not be paid to the respective executive officer depending on: (i) whether the executive officer is able to meet or exceed his or her applicable performance expectations; (ii) market performance of the Company's common shares; and, (iii) the Company's liquidity and ability to raise further capital in the prevailing economic environment.

No specific formulae have been developed to assign a specific weighting to each of these components. Instead, the Board of Directors review each element of compensation for market competitiveness, and they may weigh a particular element more heavily based on the NEO's role and responsibilities within the Company. The focus is on remaining competitive in the market with respect to 'total compensation' as opposed to within any one component of executive compensation.

The Board of Directors reviewed on an annual basis the cash compensation, performance and overall compensation package of each active NEO.

The Company does not currently have in place a share award program.

The Board of Directors has not conducted a formal evaluation of the implications of the risks associated with the Company's compensation policies. Risk management is a consideration of the Board of Directors when implementing its compensation policies and the Board of Directors do not believe that the Company's compensation policies result in unnecessary or inappropriate risk taking including risks that are likely to have a material adverse effect on the Company.

Base Salary

During the year ended February 28, 2018, the Board of Directors approved the salary ranges for the active NEOs. Base salaries were set with the goal of being competitive with corporations of a comparable size and at the same stage of development, thereby enabling the Company to compete for and retain executives critical to the Company's long-term success. In determining the base salary of an executive officer, the Board of directors places equal weight on the following criteria:

- the particular responsibilities related to the position;
- salaries paid by comparable businesses;
- the experience level of the executive officer; and
- his or her overall performance or expected performance (in the case of a newly hired executive officer).

The Board of Directors made an assessment of these criteria, and using this information together with budgetary guidelines and other internally generated planning and forecasting tools, and performed an annual assessment of the compensation of all executive officer and employee compensation levels. To date, comparative data for the Company's peer group has been accumulated internally, without the use of any external independent consultants or compensation specialists.

For employees of the Company, management is responsible for preparing an individual evaluation process for each employee and then conducting reviews on an annual basis. The evaluation framework is objective where a number of factors are judged for each employee. The results of said reviews and management recommendations with respect to compensation levels are then submitted to the Board of Directors for consideration.

Annual Incentives (Cash Bonus)

Executive officers are eligible for an annual discretionary bonus, payable in cash. The Board approves such annual incentives based on its assessment of each active NEO's performance and his or her respective contribution to the Company's success, and after taking into account the financial and operating performance of the Company.

Option Based Awards (Long Term Compensation)

The Company has in effect a stock option plan (the "**Option Plan**") in order to provide effective incentives to directors, officers and senior management personnel and consultants of the Company and to enable the Company to attract and retain experienced and qualified individuals in those positions by permitting such individuals to directly participate in an increase in per share value created for the Company's Shareholders. In determining option grants to the Named Executive Officers, management takes into consideration factors that include the amount and exercise price of previous option grants, the NEO's experience, level of expertise and responsibilities, and the contributions of each NEO towards the completion of corporate transactions in any given fiscal year.

Management believes that it is important to award incentive stock options as part of an overall compensation package. Encouraging its executive officers and employees to become shareholders of the Company is, in management's view, the best way to align their interests with those of the Company's shareholders.

Equity participation is accomplished through the Company's Stock Option Plan which is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, to enable the Company to attract and retain individuals with experience and ability, and to reward individuals for current performance and expected future performance.

The Company considers stock option grants when reviewing executive officer compensation packages as a whole. Stock options granted to NEOs during the financial year ended February 28, 2018 are disclosed below under the heading, "Executive Compensation – Summary Compensation Table".

The Company's Stock Option Plan provides for the grant of stock options to directors, executive officers and key employees and consultants of the Company and its subsidiaries and to Eligible Charitable Organizations (as defined in the policies of the TSX Venture Exchange) for the purpose of advancing the interests of the Company and its shareholders through the motivation, attraction and retention of these individuals. It is generally recognized that stock option plans aid in attracting, retaining and encouraging these individuals due to the opportunity offered to them to acquire a proprietary interest in the Company.

The Board of Directors determined the ranges of stock option grants for each level of executive officer, the key employees to whom it recommends that grants be made, and the terms and conditions of the options forming part of such grants. Individual grants are determined by an assessment of an individual's current and expected future performance, level of responsibilities and the importance of the position and contribution to the Company. The existing number and terms of the outstanding options are taken into account when granting new options.

The number of stock options which may be issued under the Stock Option Plan in the aggregate and in respect of any one optionee is limited under the terms of the Stock Option Plan and cannot be increased without shareholder approval. Details of the Company's Stock Option Plan are provided below under "Common Share Purchase Plan" and "Narrative Discussion."

Pension Plan Benefits

No pension, retirement or deferred compensation plans, including defined contribution plans, have been instituted by the Company and none are proposed at this time.

Use of Financial Instruments

The Company does not have a policy that would prohibit a Named Executive Officer or director from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director. However, management is not aware of any Named Executive or director purchasing such an instrument.

NAMED EXECUTIVE OFFICERS COMPENSATION

The following table sets forth particulars of all compensation paid to the Named Executive Officers during the years ended February 28, 2018; February 28, 2017 and February 29, 2016:

Incentive Plan Awards – Value Vested or Earned During the Year

Although an aggregate of 250,000 stock options were granted to the aforesaid Named Executive Officers during the year ended February 28, 2018, the market price of the common shares on the date of grant did not exceed the exercise price and, accordingly, the value vested or earned was nil.

NARRATIVE DISCUSSION

The only plan based award program that the Company currently operates with is its Stock Option Plan. The Company's current Stock Option Plan was re-approved by shareholders of the Company on October 30, 2017. The purpose of the Stock Option Plan is to advance the interests of the Company, through the grant of options, by (1) providing an incentive mechanism to foster the interest of directors, officers, employees and consultants in the success

of the Company; (2) encouraging directors, officers, employees and consultants to remain with the Company; and (3) attracting new directors, officers, employees and consultants.

The Stock Option Plan is administered by the Board. At the present time, option grants are approved by the Board. It is the responsibility of the granting party to determine:

- (a) persons entitled to receive the option grant;
- (b) the number of options to be granted;
- (c) the exercise price, which shall not be less than market price for the Company's common shares at the date of grant;
- (d) an expiry date of no more than ten (10) years after the date of the grant; and
- (e) the manner, if any, in which the option shall vest and become exercisable.

In the event that during the term of the Agreement there is a successful takeover bid of the Company or a change of control in the Company resulting from a merger by way of an amalgamation or plan of arrangement or if any shareholder except existing shareholders acquires in excess of 50% of the common shares of the Company, then AZRL at any time within 120 days of such event will be entitled to terminate the Agreement and to receive aggregate cash compensation equivalent to CDN\$69,000.

- (1) Gordon Keep and John Pallot have each served as a director of the Company since December 4, 2013.
- (2) Steven Brunelle has served as a director of the Company since February 18, 2014.

It is the intention of the Board that through the involvement of the Committee, the external audit will be conducted independently of the Company's Management to ensure that the independent auditors serve the interests of Shareholders rather than the interests of Management of the Company. ITEM 3: RELEVANT EDUCATION AND EXPERIENCE

NI 52-110 provides that an individual is "financially literate" if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements.

All of the members of the Company's audit committee are financially literate as that term is defined in NI 52-110.

The relevant education and/or experience of each member of the Audit Committee is as follows:

Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

ITEM 6: PRE-APPROVAL POLICIES AND PROCEDURES

Formal policies and procedures for the engagement of non-audit services have yet to be formulated and adopted. KLONDIKE GOLD CORP.
(the "Company")

SCHEDULE "B"
CORPORATE GOVERNANCE

Pursuant to National Instrument 58-101 *Disclosure of Corporate Governance Practices* the Company is required to and hereby discloses its corporate governance practices as follows.

ITEM 1. BOARD OF DIRECTORS

The Board is responsible for determining whether or not each director is an independent director. To do this, the Board analyzes all the relationships of the directors with the Company and its subsidiaries. The Board of Directors of the Company facilitates its exercise of independent supervision over the Company's management through frequent meetings of the Board.

A director is independent if he or she has no direct or indirect material relationship with the Corporation that the Board believes could reasonably be perceived to materially interfere with his or her ability to exercise independent judgment. Applicable securities laws set out certain situations where a director is deemed to have a material relationship with the Corporation.

The board of directors (the "Board") is comprised of five (5) directors, four (4) of whom are considered independent under applicable securities laws, namely, John Pallot, Steven Brunelle, Gordon Keep and Tara Christie. Of the proposed nominees for directors of the Corporation, the Board will consist of five (5) directors, four (4) of whom will be considered independent under applicable securities laws, namely John Pallot, Steven Brunelle, Gordon Keep and Tara Christie. Peter Tallman is not an independent director because of his positions as Chief Executive Officer and President of the Company.

ITEM 3. ORIENTATION AND CONTINUING EDUCATION

The Board of Directors of the Company brief all new directors with the policies of the Board of Directors, and other relevant corporate and business information.

ITEM 4. ETHICAL BUSINESS CONDUCT

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

ITEM 5. NOMINATION OF DIRECTORS

The Board of Directors is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting of the shareholders.

New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, shown support for the Company's mission and strategic objectives, and a willingness to serve.

ITEM 6. COMPENSATION

The Board of Directors conducts reviews with regard to directors' and officers' compensation once a year. To make its recommendation on directors' and officers' compensation, the Board of Directors relies solely on the experience and knowledge of its members.

ITEM 7. OTHER BOARD COMMITTEES

The Board of Directors has no other committees other than the Audit Committee.

ITEM 8. ASSESSMENTS

The Board of Directors monitors the adequacy of information given to directors, communication between the board and management and the strategic direction and processes of the board and committees.
