

KLONDIKE GOLD CORP

Klondike Gold Corp. (TSX.V: KG / FRA: LBDP) is exploring for **orogenic style gold** deposits in the Klondike area, Yukon, Canada. Klondike Gold has acquired the entire district spanning 55km; searching beneath the 20 million-ounce Klondike placer goldfields. The 2017 exploration program will test the Lone Star target - a potential bulk tonnage Au region - with use of an advanced 3D IP survey, extensive diamond drill program and continued prospecting.

Updated: July 10th, 2017
