1. NATURE OF OPERATIONS AND GOING CONCERN

Klondike Gold Corp. (the "Company") is a Vancouver-based resource exploration company listed on the TSX Venture Exchange under the symbol "KG". The Company was incorporated on August 23, 1978, under the laws of the Province of British Columbia, Canada. The Company's head office is located at Suite 3123 - 595 Burrard Street, Vancouver, British Columbia, Canada, V7X 1J1, and the Company's registered and records office is located at Suite 2500 - 700 West Georgia St., Vancouver, British Columbia, V6Y 1B3.

The financial statements have been prepared on the basis of a going concern, which assumes that the Company will realize its assets and discharge its liabilities in the normal course of business. As at August 31, 2026, the Company had working capital of $871,588 (February 28, 2026 - $3,384,227) and cash of $878,020 (February 28, 2026 - $3,331,187). As at and for the six months ended August 31, 2026, the Company reported loss and comprehensive loss of $393,437 (2025 - $486,719), and had an accumulated deficit of $66,950,182 at that date (February 28, 2026 - $66,556,745). Although the Company has been successful in the past in obtaining financing, there is no assurance that it will be able to obtain adequate financing in the future or that such financing will be on terms that are acceptable to the Company. The material uncertainty of the Company's success in raising additional capital funding casts significant doubt on the Company's ability to continue as a going concern. The financial statements do not reflect the adjustments to the carrying values of assets and liabilities and the reported expenses and statement of financial position classifications that would be necessary if the Company were unable to realize its assets and settle its liabilities as a going concern in the normal course of operations for the foreseeable future.

2. BASIS OF PRESENTATION

a) Statement of Compliance

The financial statements have been prepared in accordance with IFRS Accounting Standards (IFRS) as issued by the International Accounting Standards Board (IASB) and interpretations of the International Financial Reporting Interpretations Committee.

The financial statements were authorized for issue by the Board of Directors on October 29, 2026.

b) Basis of Measurement

The financial statements have been prepared on a historical cost basis except for financial instruments measured at fair value. In addition, the financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

c) Foreign Currencies

The presentation and functional currency of the Company is the Canadian dollar. All financial information is presented in Canadian dollars unless otherwise noted and all financial information has been rounded to the nearest dollar.

Transactions in currencies other than the functional currency are recorded at the rates of exchange prevailing on the dates of the transactions. At each financial position reporting date, monetary assets and liabilities that are denominated in foreign currencies are translated at the rates prevailing at the date of the statement of financial position. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of the initial transaction.

3. MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied by the Company in the financial statements are the same as those applied by the Company in its most recent annual financial statements.

4. RESTRICTED CASH

The Company maintains one-year term deposits as collateral for the credit cards, which automatically renew at maturity, of $69,000 as at August 31, 2026 (February 28, 2026 - $69,000). The Company has the ability to cancel its credit cards and receive the term deposits in full at any time.

a) Yukon Quartz and Placer Claims

The Company holds a 100% beneficial interest in a group of quartz claims, crown grants and placer claims located between Eldorado Creek and Upper Bonanza Creek, Dawson Mining Division, Yukon Territory.

These claims include a large contiguous group of claims acquired by staking and option agreements, which include both the quartz and placer claims, which the Company considers to be one cash-generating unit.

Acquisition of C2C claims

During fiscal 2023 the Company entered into a property acquisition agreement with C2C Gold Corp. ("C2C") for the purchase by the Company of a 100% interest in C2C's mining claims located in the Dawson mining district, Yukon Territory, for consideration of 1,000,000 common shares of the Company with a fair value of $110,000. The Company granted a 1% net smelter returns ("NSR") royalty to the vendor in respect of the C2C claims, of which the Company may purchase one-half of the NSR royalty (being a 0.5% NSR royalty) for $500,000 cash at any time. The claims each have underlying 2% NSR royalty obligations where the Company has the right to purchase one-half (being 1% of each NSR royalty) for $1,000,000 cash and has a right of first refusal to purchase the remaining 1% NSR royalty.

Assignment of Lease on Upper Eldorado Creek Property

In September 2019, the Company entered into a lease agreement with Dulac Mining Ltd ("Dulac Mining") whereby the Company assigns to Dulac Mining the rights and permits to placer mine on the Upper Eldorado Creek property, contained wholly within the Company's Klondike District Property, Yukon Territory. Under the terms of the lease agreement, the Company will receive from Dulac Mining a direct 10% gold production royalty from mining on the placer property payable in raw gold. The lease agreement was for a term of 3 years, expiring July 2022, renewable thereafter subject to approval by both parties. The lease agreement was not renewed. The Company received $136,564 in royalty payments from Dulac Mining during the term of the lease which are netted against capitalized exploration and evaluation asset costs on the statements of financial position.

Acquisition of Sophie claims

During fiscal 2020, the Company entered into a property acquisition agreement of a 100% interest in mining claims located in the Dawson mining district, Yukon Territory, for consideration of $12,400. The Company has also granted a 1% NSR royalty to the vendor in respect of the Sophie claims, of which the Company may purchase one-half of the NSR royalty (being a 0.5% NSR royalty) for cash in the amount of $750,000 at any time.

Acquisition of Burkhard claims

During fiscal 2018, the Company entered into a property acquisition agreement of a 100% interest in mining claims located in the Dawson mining district, Yukon Territory, for consideration of $20,000. The Company has also granted a 2% NSR royalty to the vendor in respect of the Burkhard claims, of which the Company may purchase one-half of the NSR royalty (being a 1% NSR royalty) for cash in the amount of $1,000,000 at any time.

Acquisition of Gimlex claims

During fiscal 2017, the Company entered into a property acquisition agreement with Gimlex Enterprises Ltd. ("Gimlex") for the purchase by the Company of a 100% interest in Gimlex's mining claims located in the Dawson mining district, Yukon Territory, for consideration of $500,000 in cash and 3,000,000 common shares of the Company with a value of $1,200,000. The Company has also granted a 2% NSR royalty to the vendor in respect of the Gimlex property, of which the Company may purchase one-half of the NSR royalty (being a 1% NSR royalty) for cash in the amount of $1,500,000 at any time.

Montana Creek Placer Project

The Company holds a 100% interest in the Montana Creek placer project property (the "Montana Creek Placer Property") where it formerly operated a placer mining operation south of Dawson City, Yukon Territory. The interest in the property is subject to an existing third party 5% royalty on production of gold or other minerals.

Prior to fiscal 2017, the Company received $743,335 in royalty payments pursuant to a lease agreement, which are netted against capitalized exploration and evaluation asset costs on the statements of financial position.

Mining lease and option to purchase agreement

On March 7, 2025, the Company entered into a mining lease and option to purchase agreement with Armstrong Mining Corp. ("Armstrong"), granting to Armstrong a six-year lease with the option to purchase 100% of the Montana Creek Placer Property (the "Agreement").

The terms of the Agreement are as follows:

- Payment of $500,000 to the Company as a preproduction royalty on signing of the Agreement (Received March 2025).
- The Company grants Armstrong the exclusive right to mine, extract, remove and dispose of all leased minerals from the Montana Creek Placer Property over a term of six years.
- Armstrong grants the Company a 10% production royalty on all gold and other minerals produced from the Montana Creek Placer Property, payable quarterly.
- Armstrong has an option to acquire a 100% interest in the leased Montana Creek Placer Property, exercisable at any time during the term of the lease, in consideration of the payment of $9,500,000. In the event Armstrong chooses to exercise the purchase option, any and each production royalty payment shall be credited towards the purchase price.
- Armstrong agrees to assume obligations pertaining to an underlying royalty held by a third party.

The $500,000 preproduction royalty received in March 2025 is netted against capitalized exploration and evaluation asset costs on the statements of financial position.

The Company also received aggregate production royalties of $57,863, during the year ended February 28, 2026, which are netted against capitalized exploration and evaluation asset costs on the statements of financial position.

During the six months ended August 31, 2026, the Company received 377.7 raw ounces of (unrefined) flake gold from royalty payments derived from gold recovered between May through August 2026 mining operations at the Montana Creek Placer Property. The approximate weight received as physical credited to the Company's demand account is 306 ounces refined gold after smelting, fees, applicable taxes and royalty charges. As at August 31, 2026, the Company has recorded $1,879,728 for these royalty payments, included in investments on the statement of financial position, which are netted against capitalized exploration and evaluation asset costs on the statement of financial position (February 28, 2026 - $nil).

b) Net Smelter Returns

Ontario Claims

The Company holds a 100% interest in an Ontario property subject to a 2% NSR royalty of which half can be purchased for $1,000,000 at any time. The carrying value was written-down to $nil during fiscal 2014.

Portuguese Exploration Licenses

The Company previously held five exploration licenses prospective for gold from the Portuguese Department of Energy & Geology.

The Company retains a 2% NSR royalty over the Portuguese exploration licenses, of which Medgold Resource Ltd., a subsidiary of Medgold Resources Corp., may purchase all or parts of the NSR royalty for $1,000,000 per percentage point.

British Columbia (“B.C.”) Claims

The Company retains a royalty equal to 1% of NSR royalty from minerals produced from its Vine Extension Property, sold to PJX Resources Inc. in fiscal 2014.

7. RELATED PARTY BALANCES AND TRANSACTIONS

The Company entered into the following transactions and had the following balances payable with related parties. The transactions were recorded at fair value. Balances outstanding are non-interest bearing, unsecured and have no specific terms of repayment.

a) During the six months ended August 31, 2026, the Company was charged management fees of $75,000 (2025 - $75,000) by a company owned by the CEO of the Company. d) Stock Options

The Company has established a "rolling" Stock Option Plan (the "Plan"). Under the Plan, the number of shares reserved for issuance may not exceed 10% of the total number of issued and outstanding shares and, to any one optionee, may not exceed 5% of the issued shares on a yearly basis. The maximum term of each stock option shall not be greater than 10 years. The exercise price of each option shall not be less than the market price of the Company's shares at the date of grant. Stock options granted to consultants performing Investor Relations Activities shall vest over a minimum of 12 months with no more than 1/4 of such stock options vesting in any 3 month period. All other stock options vest at the discretion of the Board of Directors.

9. MANAGEMENT OF CAPITAL

The Company manages its components of equity as capital. The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to pursue the development of its mineral properties and to maintain a flexible capital structure which optimizes the costs of capital at an acceptable risk.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares, issue debt, acquire or dispose of assets or adjust the amount of cash.

In order to facilitate the management of its capital requirements, the Company prepares expenditure budgets that are updated as necessary depending on various factors, including successful capital deployment and general industry conditions. In order to maximize ongoing exploration efforts, the Company does not pay out dividends. The Company's investment policy is to keep its cash on deposit in an interest bearing Canadian chartered bank account.

The Company is not subject to externally imposed capital requirements. There were no changes in the Company's approach to capital management during the periods presented.

10. RISK MANAGEMENT

Financial assets and financial liabilities are measured on an ongoing basis at fair value or amortized cost. The disclosures in the notes to the financial statements describe how the categories of financial

instruments are measured and how income and expenses, including fair value gains and losses, are recognized.

Disclosures about the inputs to financial instrument fair value measurements are made within a hierarchy that prioritizes the inputs to fair value measurement.

The levels of the fair value hierarchy are:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly

Level 3 Inputs that are not based on observable market data

The fair values of the Company's cash, restricted cash, amounts receivable, reclamation bond, trade and other payables, and due to related parties approximate their carrying value due to their short-term maturities and market interest rate. Investments are classified as FVTPL and measured using Level 1 inputs.

The Company's risk exposures and the impact on the Company's financial instruments are summarized below:

a) Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. Credit risk is attributable to cash, restricted cash and amounts receivable. Cash and restricted cash are held with large Canadian banks or brokerages. Management believes the risk of loss to be remote. The Company's amounts receivable is primarily comprised of amounts owing from the Government of Canada for input tax credits receivable. Accordingly, the Company does not believe it is subject to significant credit risk.

b) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they come due. The Company manages its liquidity risk through careful management of its financial obligations in relation to its cash position. Using budgeting processes, the Company manages its liquidity requirements based on expected cash flow to ensure there are adequate funds to meet the short-term obligations during the year.

c) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices.
Market risk comprises three types of risk:

i) Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The Company holds its cash and restricted cash

in bank accounts that earn variable interest rates. Due to the short-term nature of these financial instruments, fluctuations in market rates do not have a significant impact on estimated fair values of the Company's cash and restricted cash balances. The Company does not have any interest bearing debt.

ii) Foreign currency risk

Foreign currency risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because they are denominated in currencies that differ from the Company's functional currency. The Company's purchases are predominantly transacted in Canadian dollars.

iii) Price risk

The Company's ability to raise capital to fund exploration or development activities is subject to risk associated with fluctuations in the market prices of base and precious metals including gold, silver, zinc and lead, and the outlook for these metals. The Company does not have any hedging or other derivative contracts respecting its operations.

Market prices for metals historically have fluctuated widely and are affected by numerous factors outside of the Company's control, including, but not limited to, levels of worldwide production, short-term changes in supply and demand, industrial and retail demand, central bank lending, and forward sales by producers and speculators. The Company has elected not to actively manage its commodity price risk, as the nature of the Company's business is in exploration.

Equity price risk is defined as the potential adverse impact on the Company's earnings due to movements in individual equity prices or general movements in the level of the stock market. The Company closely monitors individual equity movements, and the stock market to determine the appropriate course of action to be taken by the Company.
